RECITALS:

A. Pursuant to Health and Safety Code Section 34175(b) and the California Supreme Court's decision in *California Redevelopment Association, et al. v. Ana Matosantos, et al.* (53 Cal.4th 231(2011)), on February 1, 2012, all assets, properties, contracts, leases, books and records, buildings, and equipment of the former Yucaipa Redevelopment Agency (the "Agency") transferred to the control of the Successor Agency to the Agency (the "Successor Agency") by operation of law.

D. The Successor Agency approved the initial Long Range Property Management Plan (the "Initial LRPMP") on August 12, 2013, and the Oversight Board approved the initial LRPMP on September 17, 2013.

E. The Initial LRPMP was submitted to the DOF for review, and staff has received feedback related to the Initial LRPMP. In order to address the comments from DOF, staff determined that it is prudent to amend the Initial LRPMP.

F. The Successor Agency approved the Amended Long-Range Property Management Plan (the "Amended LRPMP") on June 23, 2014, and the Oversight Board approved the Amended LRPMP on September 25, 2014.

G. Pursuant to the State CEQA Guidelines (14 Cal Code Regs 15000 *et seq.*)(the "Guidelines"), the Successor Agency has determined that the approval of the LRPMP is not a project pursuant to CEQA and is exempt therefrom because it is an organizational or administrative activity of government that will not result in direct or indirect physical changes in the environment (Guidelines Section 15378(b)(5)). Further, it can be seen with certainty that there is no possibility that approval of the LRPMP may have a significant effect on the environment, and thus the action is exempt from CEQA (Guidelines Section 15061(b)(3)). Staff of the Successor Agency is hereby directed to prepare and post a notice of exemption pursuant to Guidelines Section 15062.

1	Public Building	Future Development	N/A	There are no known contamination issues at the property	Given the lack of a major transit stop in the vicinity of the property, it has low potential for transit oriented development.	The site is envisioned to be used for education and presentation of the visual arts to foster an active Uptown area through providing classes open to the general public, display and sale of art, and space for meetings of uptown associations. Each of these uses furthers the purpose of the Uptown Revitalization Project, similar to that of a library/museum which promotes and attracts visitors to the formerly blighted business corridor. These planned uses also further the goals and objectives of the Uptown Specific Plan.		There has been interest from a non-profit arts organization to occupy the building and provide services and activities in the Uptown Area that would serve to spark continued revitalization of the area.
2	Parking Lot/Structure	Governmental Use	N/A	Environmental testing was done at the time of property acquisition, and there is no known history of contamination.	Given the lack of a major transit stop in the vicinity of the property, it has low potential for transit oriented development.	Consistent with the planning objectives of the Successor Agency, which is to carry out and wind down the objectives of the former RDA plan, the availability of public parking advances the objectives of the Redevelopment Plan, as well as the Uptown Specific Plan by continue provide for safe and attractive areas to park that serve to enhance the Uptown Revitalization efforts. This is an improved parking lot that is intended to serve that purposes for many years.		The site was developed for parking with related landscape improvements for long term parking use. There have been no other development proposals or activity.
